## EDITORIAL

**D**ear CRW Readers:  
This month's issue is going to be short, just like the night-time hours of mid-summer, only all you creative spirits are out doing just what you want to do, ride your bicycles, and, therefore, you certainly don't have the time or energy to write an article for this month's issue. So be it, but let us hear from those of you who have planned interesting bike trips to far and wide places this summer.

Having the time and perogative, I can freely rhapsodize: first, and again, buy and use that T-pass, it's the first step toward integrating bicyclists with all forms of transportation.

Second, I had the occasion to witness an unpleasant exchange between a motorist, and a seasoned cyclist, on a quiet back road on a Sunday afternoon. The rudeness of the cyclist, even if he thought he was right in not being "honked at" more than once to move out the way, was inexcusable. The motorist thought he was right, because he was traveling faster, and wanted to pass the cyclist; the cyclist thought he had right to all the road, and didn't move out of the way. It shouldn't have happened. Let's always try to give bicycling a good name!

Then, I read with interest letters in the BABC newsletter of a possible CRW/BABC merger (!). I, for one, had no idea, that the notion was afoot. Doesn't this matter deserve some press? are we not involved enough to take notice? David Gordon Wilson's experience (in his letter to BABC) is that we are a nation of selfish, non discliplined individuals, whether cyclists, or motorists. The BABC and CRW both are making effort to give bicyclists high visibility with its legislative and recreational activities. Also, what motorist wouldn't be impressed to see 25 or more helmet-clad cyclists all stopped at once at a red light on a Sunday morning, with no cross traffic to prevent their continuing. It's the "non-events" too, for which we should take credit.

Who knows what's going to happen in August. Please send your material by the 10th of the month to:

**WHAT YOUR BOARD DID IN JULY**

## July 1 agenda item &amp; actions summary

**SPECIAL ANNOUNCEMENT:** Tonight was Dave Brahmer's last CRW Board Meeting as he has taken a new job in Denver. Thanks so much Dave for your work - we will all miss you, and good luck. Mike Hanauer will attempt to fill Dave's shoes as CRW president.

**TEMPORARY CHANGE IN BOARD MEETING LOCATION:** The August and September meetings will be held at a different spot. See the last item for details.

**TREASURERS REPORT:** Don Blake reports a balance of \$4790. There will be a budget vs cash flow comparison covering the second quarter next month.

**"BIG EVENT":** Mike distributed copies of the wrap-up report.

**INCORPORATION:** Dave Brahmer notes that all forms have now been filed and fees paid through the end of the year. We will need to renew our status yearly, following the annual meeting (awards banquet).

**SCIENCE OF SPORTS:** Osman Isvan reports that the program at the Boston Museum of Science went well and thanks those who participated. Osman noted that a number of comments have been made on how the bike display area might have been improved.

**BANQUET BALLOT:** Mike Hanauer mentioned that the pot luck versus sit down dinner was apparently not a burning issue with members judging by the response to the "Wheelpeople" request for opinions. Totals: 2 for and 2 against!

**CAKE FOR DAVE:** All took a break to eat a bit of going away cake donated by Rosalie Blum. Thanks Rosalie - it was great even though the ice cream had to wait for later.

**CLUB BANNER:** The Board decided to consider. Jerry Campbell and Mike Hanauer will look into possible designs and prices for presentation to the board.

**CLUB BROCHURE:** More are needed. Christine Tessier will re-order up to 5000 for up to \$500 after checking out prices with a few places.

**TOSRV-EAST:** The present organizers apparently will not continue to coordinate this ride; it is unclear whether AYH will continue to sponsor. Much discussion ensued concerning a possible CRW role, but most agreed that at this point a strong and committed coordinator is needed if TOSRV is to continue, and that this is not really a CRW issue per se.

**PROSPECTIVE MEMBER FOLLOW-UP:** Osman distributed a draft letter to be sent to persons who request club information and do not join within two months. The board approved a trial period of 5 months after suggesting some minor modifications to the letter. Osman will then report statistics on the effort.

**CLUB SECRETARY:** Debby Allinger will replace Mike Hanauer in this position beginning with the August board meeting. Thanks Debby.

**NEXT MEETING:** Tues., Aug. 5 at 7:30 pm. **NOTE THE TEMPORARY LOCATION CHANGE FOR AUGUST AND SEPTEMBER.** These meetings will be held at the home of Deborah Allinger and David Hill in Arlington. Please call 643-4079 if you wish to attend.

**ADJOURNMENT:** 9:10 PM for ice cream.

- Mike Hanauer, CRW Secretary

**CRW BOARD MEETING LOCATION CHANGE**

The August and September board meetings will not be held at MIT, the usual location. Please see the board minutes for further details.

I ####\$\$!! VELO VERMONT

Dear, do you mind if I throw this info on Velo Vermont out? Oh, you do? You were sort of thinking of doing it? Ya know, it's over 100 miles both Sat. & Sun.? Let me call Fran and get details...

Hi, Fran. Listen, Dick and I were thinking of doing Velo Vermont. Great food, great accommodations - in condo's you say, hot tub, tennis courts, swimming pool... 3 sags, 120 miles - not 100 - each day, but you don't have to do the whole thing. Well, OK, I guess we'll go for it. Dick says it will give him something to 'train' for.... Me, I'll just aim for 65 miles a day. It's hilly, I mean mountains and all up there....

It's now been 2 weeks since "the weekend". I still haven't found the correct adjective for it. Some of my choices: conquered, attacked - definitely not. Survived and/or endured - more likely. Was it fun? Yes/No. No when I was tired, sore, or angry that I was either biking alone, didn't have enough strength or energy to do the necessary, or annoyed at the drivers on the road who really seemed to be whizzing by at very fast speeds and very closely. Yes it was fun when I was alone and zipping along, when I finally made the top of some obnoxious hill/mountain, when I came across some of the other riders... either when I was biking or helping with the sag. (Whether I was helping to sag, or the sag was helping me is open for debate)

Would I do it again?? I loved the challenge, I disliked the frustration of not being strong enough. One hundred and twenty miles each day is a long way... but you don't have to do it all. Would I do it again?? Oh gosh, ask me next year. By then maybe I'll have come up with a good excuse.

#### CHANGE OF COMMAND

It seems as though this past year was the year for CRW Directors to resign and to move on to bigger and better things. We lost Mark Lamkin late in 1985 and Greg Canty a few months ago. So it is also with me. I will be moving to the Denver area the end of August to be near family and persue another career after spending 21 years in New England (17 in the Boston area).

The CRW has been a significant and rewarding part of my life for the past 7 years and I have met many good friends and have been on many an enjoyable ride. It saddens me deeply to leave you, but I will always have warm memories of the wonderful friends and experiences that have come my way through the club.

Mike Hanauer will be your new President and will serve out the remainder of the Presidential term. It is my hope that Mike also be nominated to run as President in the next election. He is a very capable leader and organizer, as evident from the way he brought together the Big Event last April, and will serve you well as President.

So, goodbye to all of you. May the wind always be at your back and the roads you travel be free of glass (and dogs and rain and drunks and potholes and ...).

 On all CRW rides, please arrive **at least 15 minutes before starting time** so the ride can start on time. It is recommended that you bring a pump, a patch kit and spare tire tube, a wrench & screwdriver, a lock and a map.

During the "arrowed ride season", for those who might have missed the last ride, CRW recommends **Saturday at 10:00 AM** as a second opportunity to follow the arrows of the previous Sunday's ride, but this time as a show and go **leaderless** ride. It is also recommended that you call the leader to determine the correct arrow shape to follow on the road.

**August 3** 10:00 & 11:00 AM

**Highlights** : Lunch stop and swimming at Lake Winthrop in Holliston (there are restrooms there for changing).

**Start** : Dover center at the Common, across from the drug store, at the intersection of Springdale Ave., Centre St. and Walpole St. OK to park in either the lot next to the police station or the one near the stores.

**10:00 AM**: 50 miles.

**11:00 AM**: 25 miles.

Dick Buck (923-8909) and Greg Lenhart (641-2178) are teaming up again to give us this moderate terrain, west of Boston ride. Both rides travel through Sherborn, Holliston and Millis, with the short ride additionally including Ashland and the long ride also including Medfield, Norfolk, Franklin and Wrentham. For those who wish to purchase their lunch, there is a convenience store in Holliston before lunch and also a farm stand about 1/2 mile before the lunch stop.

**August 10** 9:30 & 10:00 AM

**Highlights** : Post-ride gathering at Jim & Jan Kuhn's, off of Park Circle in Arlington. A donation for refreshments is appropriate.

**Start** : Arlington Town Hall in Arlington, between Court Street and Central Street on Mass Ave.

**9:30 AM**: 50-55 miles.

**10:00 AM**: 25 miles.

Jan & Jim (643-6652) are again doing approximately the same ride they lead last year with some minor changes here and there, in particular, making the long ride slightly longer. Terrain is moderate except for the climb to the post-ride gathering near the end of the ride. Towns covered are Belmont, Waltham, Lexington, Bedford, Concord and Lincoln. Lunch stop is in Concord Center.

**August 17**

9:45 & 10:30 AM

**Highlights**: Post-ride gathering at John and Janet Springfield's in Newton (you'll

pass by their home about 1/2 mile from the beginning of the ride and return there afterwards). A donation for refreshments is appropriate.

**Start**: Newton Center at the intersection of Centre St. and Beacon St.

**9:45 AM**: 39 and 52-56 mile routes.

**10:30 AM**: 30 mile route

Mister mileage coordinator, Ed Trumbull (332-8546), together with our newsletter distributor, Bill Fine (247-3804), are leading this ride that includes the towns of Needham, Westwood and Dover (Walpole, Norfolk and Medfield for the long route). The terrain includes some moderate hills and the **Lunch** stop for both rides will be at the Bubbling Brook Restaurant in Walpole.

## A Two Beach Ride

**August 24**

10:00 and 10:30 AM

**Highlights**: Singing Beach for both rides, and also Plum Island (and Parker Wildlife Refuge) for the long ride.

**Start**: The Hamilton Shopping Center, at the intersection of Rt. 1A (Bay Rd.) and Walnut St. in South Hamilton. **Driving directions** - from Rt. 128 exit 20N, go north on Rt. 1A for 3 miles to the Hamilton Shopping Center on your right.

**10:00 AM**: 60 mile route, moderate terrain.

**10:30 AM**: 30 mile route, with easy, gently rolling terrain.

Mark Erskine (332-0467) and Alice Hutter (325-0095) are giving us this North shore ride that includes the towns of Wenham, Beverly, Essex, Ipswich (and also Newbury, Topsfield and Rowly for the long route). The lunch stop for the short ride is Woodman's in Essex. The long route also passes by Woodman's, but only 16 miles into the ride, so the recommended lunch stop for the long ride will be closer to the half way point, and will be disclosed at the start of the ride.

andar

**Framingham Reservoir Ride****August 31****9:30 and 10:30 AM**

**Highlights:** Scenic local reservoirs, swimming at Farm Pond in Holliston and a **post ride get-together at Jamie's house in Framingham**. Soft drinks and snacks will be served - a donation is appropriate.

**Start:** D'Angelo's sub shop on route 135 in Framingham, at the intersection of Beaver St., 1/2 mile east of the intersection of routes 126 and 135 - park in adjacent lot (Oak Hill Food Market).

**9:30 AM** 45 miles.

**10:30 AM** 22 miles.

Jamie King (626-1396) and AYH member Joe Repole (879-6340) are giving us this **joint CRW/AYH** ride. Terrain is mostly flat with one good hill in the beginning, and towns covered are Sherborn, Holliston, Hopkinton, Ashland, Southboro and Marlboro. Lunch can be bought in either Holliston (sit on the grass in front of the church) for the short ride or at the Creamery in Marlboro for the long route.

**7<sup>th</sup> Annual Martha's Vineyard Ride****September 7****10:15 AM**

**Highlights:** Traditionally, the club meets at some restaurant (last year it was Grandma's at the foot of the Bourne bridge) on the mainland side of the canal, for dinner after the ride.

**Start:** Meet at Steamship Authority Ticket Office, Woods Hole. The **ferry will leave at 10:45 AM for Vineyard Haven**. Buy your ferry tickets at the ticket office and mention CRW to get the \$11.00 round trip group rate (\$6.00/person +\$5.00/bike).

Sam Johnson and Birdy Ellsmore (655-8774), who have led this ride for the past few years, will provide you with a map of the island and a suggested route. Their version includes a 55 mile trip, but you may opt for a 16 mile ride to Edgartown and back. Return ferries leave Vineyard Haven at 5:00, 6:30, 7:30, 8:45 and 9:45 PM. Remembering that the ferry trip is about 45 minutes, you may want to **bring a light** for the return trip to Falmouth.

Parking at Woods Hole is an additional \$5.00, but you can park for free at the Falmouth Municipal lot and ride the 4 mile bike path to the ferry.

- 1) **Driving instructions to the municipal lot:** follow Rt. 28 past the Steamship Authority overflow lot, turn left down Main St., and look for parking signs on the left-hand side of the street.
- 2) **Bicycling instructions:** from the Municipal lot, cycle down Walker St. (by the candy store across the street) until you get to the ocean, turn right and go about 3/4 mile until you cross the Shining Sea Bike Path, then go left and take the bike path to the Woods Hole Steamship Authority ticket office.

The Charles River Wheelmen is a group of active adult bicyclists who sponsor a year-round program to promote the enjoyment of bicycling. During the regular season (early Spring to late Fall), two ride loops are usually available every Sunday, designed to be ridden at your own pace. The routes are arrowed in advance and the leaders stay in the rear to ensure that nobody gets left behind. Our Winter Frostbite rides are more informal; the route and pace are decided by those who show up to brave the elements.

Our dues include membership in the League of American Wheelmen; CRW members also receive Wheelpeople, the Club's newsletter.
